HIGH PRESSURE PORTABLE COMPRESSOR SERVICE & MAINTENANCE SOLUTIONS

- Overhaul
- Preventative maintenance
- Field service
- Air-End exchange
- Parts programs

PREVENTIVE MAINTENANCE (PM) PLANS

With our Preventive Maintenance Plan, we take full responsibility for keeping your compressor operating at peak performance. Service tailored to your needs.

- Maintenance performed by experienced technicians
- Early detection of developing technical issues
- Maintenance planned well in advance
- Priority service and preferred hourly rates
- 20% discount on parts under PM agreement

We help identify potential problems early preventing costly breakdowns and unplanned downtime.
If urgent repair is required PM customers receive priority assistance to restore operations quickly.

PARTS PLAN- COMPRESSOR PARTS DELIVERED WHEN YOU NEED THEM

Our parts plan ensures genuine replacement parts are delivered right where and when you need them.

Our experts draw up a maintenance schedule based on your equipment, usage profile and site conditions. The right parts arrive at the right time keeping your operation efficient and predictable.

MAJOR OVERHAULS & REBUILDS

- Complete teardown and inspection
- Air-end rebuild or exchange
- Structural refurbishment
- Full load testing prior to release
- Comprehensive workmanship
- Warranty
